Abstract

The Cross is the altar on which was sacrificed Jesus Christ the Son of God "for us men and for our salvation." And if in the Old Testament, the cross was an instrument of doom and dishonor, in the New Testament it is a means of salvation and our salvation from condemnation of the devil. Honoring the Holy Cross, Our honor does not address to the material it is made of, but one who was crucified on it, and sanctified it with His precious blood, and its holiness comes from Christ because His Holy blood flowed on it.
